

25 September 2023

Dear Parents and Carers

I am writing to notify you that at some point during this half term there will be a drugs dog and its handler on the school premises, accompanied by a PC from our Neighbourhood Policing Team.

Secondary Schools in Dorset are taking part in a countywide initiative - we are one of the first schools in the west of the county to receive this support this year.

This follows on from our successful visit last year as part of the same scheme and is our ongoing education programme about substance abuse.

It is important to safeguard our students and we wish to make it very clear that drugs will not be tolerated at Colfox.

We appreciate your support.

Yours sincerely

Adam Shelley  
Headteacher
