Subject: Exciting Trip to We the Curious, Bristol

Dear Parents and Guardians

We are excited to announce an upcoming educational trip for the whole of Year 7 to *We the Curious* (<https://www.wethecurious.org/>), Bristol, on **Thursday, 14 November**.

This interactive Science centre offers a unique and engaging learning experience for children of all ages.

We the Curious is a vibrant and inspiring space where children can explore, experiment, and discover the wonders of Science. Through hands-on exhibits, interactive displays, and fascinating demonstrations, students will have the opportunity to develop their curiosity, critical thinking, and problem-solving skills.

This visit aligns perfectly with our school's Science curriculum and will provide valuable insights into various scientific concepts. We aim to take every member of Year 7 on this exciting Science trip.

The trip will depart from school at 7:30am and return by 5pm (depending on traffic). The cost per student is £32.65, which covers the entrance fee, bus transportation, and any necessary supervision. Any parent who requires financial assistance to enable their child to take part in this trip should please complete the attached form and return to Terri Davies t.davies@colfox.dorset.sch.uk. Students will need to bring a packed lunch with them.

We believe that this field trip will be a memorable and enriching experience for your child. It offers a fantastic opportunity to learn outside the classroom and apply their knowledge in a practical and engaging setting.

We look forward to a wonderful day of learning and exploration at We the Curious!

Yours sincerely

Ms David
Lead Practitioner of STEM
