

# COLFOX BULLETIN 10

## HEADTEACHER NEWS

I visited Bridport Town Council last week, to explore how we can work together to make sure young people always feel welcome, safe and heard in our community. Developing these strong community links is important, and I am proud to say I'm not the only one who has been advocating for our Students lately, as Archie, Poppy and Dylan also visited the Town Hall recently. They gave speeches sharing our student's ideas to elected representatives, including our MP Ed Morello - well done to them and thank you to everyone involved. Our art students are enjoying their trip to London, photos next week. Our Students enjoyed lots of fun challenges during Maths Week - see if you can solve them below. Colfox is looking increasingly festive, thank you to Dorset Architectural Services, Groves and Colfox Friends for donating our trees - we have had fun decorating them! Have a good weekend, **Adam Shelley, Headteacher**

## UPCOMING EVENTS

## MATHS WEEK FUN, CHALLENGES, TREASURE HUNTS & MORE - CAN YOU SOLVE THE PUZZLES?

### DAILY PUZZLE

Tuesday

Work out the values of the whole numbers,  $a$  and  $b$ , for the following statements:

$$a + b = 8$$

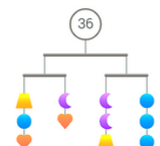

$$\frac{1}{a} + \frac{1}{b} = \frac{2}{3}$$

### DAILY PUZZLE

Wednesday

Solve the puzzle by figuring out the mass that each shape must be so that the mobile is balanced.

(Only the shapes have a mass)

### DAILY PUZZLE

Thursday

Solve the puzzle by entering the digits 1-9 in their correct position. Each number can only be used once!

Use the number numbers as clues to solve the 9x9 grid. Sum totals are top and left. Product totals are right and bottom.

For example, the bottom row must have three numbers that sum to 11 and multiply to make 18.

+	9	21	/
13			6
11			16
			x

### DAILY PUZZLE

Friday

How many seconds are there in one year?
