

Year 6 Transition Process

We are all very much looking forward to welcoming our new students in September and want to reassure you of our continued commitment to supporting you all at this time.

This is a brief overview of the Transition process for 2020.

Teaching & Tutor Grouping Setting

Information is provided by the Y6 teachers. For Tutor groups we also take into consideration existing friendships.

Letter to be issued final part of this half-term with details of group allocations

Primary School Visits

In place of face to face visits the Head of Y7 Mr Farrow will do a virtual visit via a classroom link. Students will have the opportunity to pose questions.

If your child is not in school, speak to your Y6 teacher to arrange access or to view a recording

SEND and Vulnerable Students

Our teams have been collecting additional information to support students that may struggle with transition. See link below

Parents will be contacted directly to discuss student needs.

Parents Evening

Due to current measures, we anticipate that this will not take place but a Presentation will be available to view. See link below

Tours of the School

We are unable to offer tours of the school at present but we have short video tours available to watch. See link below

Q&A Video

Students have the opportunity to write and submit questions (Y6 teachers will support this). Answers will be given in a video presentation. See link below

Year 6 Transition Day

As this cannot take place this term the intention is to hold this day on Monday 7th September. This day will be Y7 students only. They will spend time with their tutor and get used to the school.

Before this day your child will receive a letter of introduction from their Tutor and their Head of House
