

## Year 10 RS Summer work

If you have completed all the work set either through Teams or the packs that were sent home you have completed the whole of the Year 10 course. We have managed to keep on track with the RS course which is a great achievement and the work I have seen and marked has been fantastic. So a big well done to those of you that have fully engaged in the work set. 😊

If you wish to continue learning over the summer then I would suggest revision for everything we have done so far. Possible tasks:

- Make sure you have completed all the work set on Teams or in the booklets. Check my feedback and improve on answers handed in.
- Learn the keywords in the key word booklet. Use highlighters, write revision cards create mind maps linking the words together.
- Create revision notes/ cards/ mind maps for every topic, which we have done. (some of you have already made a great start on these) Knowledge organisers are on the school website under Year 9 and 10. BBC Bitesize is also very good.
  - Christianity Beliefs and Teaching
  - Islam Beliefs and Teaching
  - Islam practices
  - Religion and life
  - War and peace
  - Relationships
- You have an example of each exam paper, have a go at answering these.
- Have a rest and switch off, you will need energy and a work ethic on your return to school, enjoy the summer and have a break.

Thank you for being a fantastic class, it has been a pleasure to continue to answer questions and mark your work. You have been outstanding and I commend you for your fantastic work ethic, which has shown hard work and determination. Have a good summer, Mrs Hatch
