

Rm summer work

Task 1

Ensure all pages from the first section are complete (see Teams assignments for help sheets)

- Investigation
- Product analysis 1
- Product analysis 2
- Product analysis 3
- Questionnaire
- Design brief and specification.

Task 2

Research into materials and processes

On an A3 page you will need to research different materials you could use to make your product and research different processes you could use.

Task 3

Start sketching up design ideas, need a minimum of 6 sketch ideas

You will need to annotate them with:

- Sizes
- Materials
- Construction methods
- Finishes
- Aesthetic features
