

**Inspiring Learning, Achieving Excellence**

Headteacher: Mr Adam Shelley MEd, BSc Hons, PGCE, NPQH

September 2021

Dear Parents/Guardians

### **Information about work for students in Years 7 to 9 who are having to Self-Isolate**

As we begin to move further into this academic year, we are aware of an increasing number of students who are needing to self-isolate due to a positive PCR test. We recognise that for students who are feeling ill with symptoms they will need to rest and recover. However, once a positive PCR test has been taken, and until the end of their ten day isolation, students who are not feeling unwell, will be expected to complete school work in line with their timetable.

All students in Years 7 to 9 will be added to their Covid Isolating Group on Microsoft Teams. What your child will see on Teams, will look like the below:

Within each group, every subject has been given a file which has a range of different learning activities that will cover the content and skills that they would be learning in lessons at school. This might include learning resources such as knowledge organisers and work booklets. This will ensure that students do not fall behind with their learning. Throughout the academic year these files will be updated and more resources will be added.

If you do not have internet access or use of a computer at home please contact your child's Head of Year and they will arrange paper copies to be sent home.

If you have any other questions regarding this, please contact your child's Head of Year.

Yours sincerely

Nathan Bartlett  
Head of Year 9
